- (*) indicates drain only conforms to CSA B79.
- (+) indicates stamped stainless steel strainer, does not meet C-UPC and is light duty rated.
- All non-stainless steel strainers are medium duty rated for 2000 lbs. minimum.
- All drain part numbers not marked with (*) or (+) meet ASME A112.6.3 and CSA B79 commercial drain standards.

The Complete Story

At Oatey, we know that in order for you to do your job easily, efficiently, and completely, we need to do ours, which is why we offer products that work harder for you than anyone else's. Oatey Company products offer more flexibility and innovation than anyone else's. And we won't rest until you can – on each and every installation.

The Complete Benefits of True Set

The most complete line of non-metallic drains in the industry are packed full of features for maximum convenience and efficiency.

1. Complete Versatility

✓ **Ready for use right out of the box**

Comes completely assembled – no spare parts.

✓ **Provides a level installation to the finished floor every time**

Post-pour height and tilt adjustment with the optional leveling kit provides industry-leading height adjustment and 360 degrees of up to 5 degrees of pitch adjustment.

✓ **Concrete tight protection**

Concrete tight unit comes fully assembled – No taping.

✓ **Interchangeable Drain and Cleanout**

Interchangeable covers provide post installation flexibility allowing conversions from one to the other.

✓ **Available in PVC or ABS flanged or on-grade style bases**

✓ **Accommodates 2", 3" and 4" pipe**

✓ **Multiple sizes and finishes available**

5" and 6" covers cleanout or drain – available in Stainless, Brass, Nickel, or Chrome; Round or Square: with or without tile rings.

p/n 31008 recommended for use with leveling kit.
sold separately.

Finishes Available

Top View of Strainers

2. Complete Confidence/ Post Pour Leveling

✓ Largest adjustment range in the industry

Simple adjustments (up or down) ensure a true set to any finished floor.

✓ Height and pitch adjustments

Provides 360 degree leveling with up to a 5 degree Pitch (kit sold separately).

3. Complete Assembly

✓ No spare parts to lose

Ready to install straight out of the carton.

4. Complete Safety/ Load Capacity

✓ C-UPC listed and medium duty IAPMO rated

Patent pending design provides the smallest diameter strainers to meet the water flow requirements of IAPMO and ASME A112.6.3 and CSA B79 standards, while exceeding the medium duty (2,000 lb. load) rating.

There you have it, everything you need to know about the True Set family of commercial drains – products that let you ditch the worry and turn every project into just what you want – a complete success.

✓ Test with the DWV system

Pressure rated quarter-turn plug (factory installed on all cleanouts) is pressure rated up to 13 psi or 30 feet of head.

A Solution for Every Drain Application

Oatey has a wide variety of roof drains, floor drains, square top and 6" diameter drains. Our products give you the confidence to do the job right the first time, every time.
