

HERCULES HEATING CHEMICALS

FORMULATED FOR
HIGH PERFORMANCE

THE POWER OF ONE

Oatey® is the number one source for purchasing the leading brands in the plumbing and home improvement industries. You can purchase any of our brands easily and efficiently – on one invoice, in one shipment, with one phone call. Only Oatey brings you the plumbing industry's best brands in one source. That's why we're the choice of plumbing professionals.

For more information on Oatey or our product offerings, please visit oatey.com or contact our customer service group at **800-321-9532**.

TRUSTED

- Comprehensive technical support
- Reputable leadership in the plumbing industry
- Experienced customer service professionals

STRONG

- Regional distribution: Dallas, Newark, Cleveland
- Multiple manufacturing locations: Minnesota, Nebraska, Ohio and China
- ISO 9001 Certified
- Twenty-three categories with a broad range of products

EFFICIENT

- VMI - Vendor Managed Inventory
- EDI - Paperless ordering, invoices and ship notices
- Automatic acknowledgements and confirmations of shipments
- Economical minimum orders for prepaid freight
- Multi-branded promotional opportunities

SAFE

- Compliant to hazmat policies
- Sustainable practices
- C-TPAT participant

Brass.

Oatey®

A well-maintained hydronic heating system provides reliable performance even during the harshest winters. Heating maintenance professionals know that top-quality materials are critical to achieve superior performance. That's why contractors depend on Hercules maintenance and stop-leak products. They are formulated for high performance and developed with both the user and the environment in mind.

HOW TO MAINTAIN A BOILER SYSTEM

How to Maintain a Boiler System

Prior to Use: Read all product labels carefully.

Keep container closed when not in use. Avoid eye and skin contact. Wear safety glasses with side shields and wear rubber gloves.

1. Turn off the gas and autofeeder, and disconnect the electrical supply.
2. Bleed a small amount of fluid from hydronic loop to inspect for rust, sediment or mucus-like sludge to determine if system restorer is required.
3. If sludge and sediment are present, drain system completely until water runs clear.
4. Flush system with Sludgehammer System Restorer by mixing 1 quart System Restorer with 1 gallon of water in a bucket and pumping into the system.
5. Without breaking suction, add enough water to completely fill the system. Close valve. Remove pump. Reconnect the power and circulate for 4 hours.
6. Completely drain and flush the system.
7. Recharge system with Sludgehammer Corrosion Inhibitor and Cryo-Tek.
8. Reconnect power supply and circulate for two hours.
9. Recheck inhibitor and propylene glycol (PG) levels using Cryo-Tek test strips, pH meter, or retractometer.

For Regular Maintenance

- a. Open drain valve and remove a small amount of liquid (close valve).
 - b. Use Cryo-Tek Test Strips to check the corrosion inhibitor and PG levels.
 - c. Add Sludgehammer Corrosion Inhibitor if system is low.
 - i. To add Inhibitor: open drain valve and remove 2 gallons of water. Mix one quart of Sludgehammer and two gallons of water.
 - ii. Attach pump hose to drain valve, prime the pump, and turn it on.
 - iii. Without breaking suction, pump one gallon of water to ensure all Inhibitor gets into the system.
 - iv. Close drain valve, and turn pump off.
 - v. Reconnect the power supply and circulate for two hours before rechecking the Inhibitor and anti-freeze levels.
10. Add PG if the system is low.
 - a. Properly dilute Anti-Freeze in water.
 - b. Attach pump hose to drain valve, prime the pump, and turn it on.
 - c. Close drain valve, and turn pump off.
 - d. Reconnect the power supply and circulate for two hours before rechecking the inhibitor and anti-freeze levels.

PRODUCT SELECTION GUIDE

Product Name	Description	Color
SYSTEM REPAIR		
Boiler Liquid	Seals and repairs cracks and leaks in steam and hot water systems. Low odor. No priming or foaming.	Red/Brown
Boiler Solder	Powdered formula stops leaks. Works quick on all steam systems. Low odor, Petroleum free.	Silver
Base Hit™ II	Seals and prevents leaks in ferrous and non-ferrous hydronic systems. Works Fast. Won't clog components.	Blue/Green
High Heat Furnace Cement	Seals and repairs boilers, furnaces, flue pipes, and other furnace and factory applications. Will not shrink, crack or crumble. Meets OSHA requirements.	Tan/Gray

Product Name	Description	Color	Boiler Type	Temp Range	AL	SS	COP	FE	FE	PEX	El. Tube
SYSTEM CLEANERS											
Sledgehammer™ System Restorer	Removes sludge and corrosion. Reduces boiler noise. Restores efficiency to all hydronic systems. For use in servicing older boiler systems or new boilers installed into an existing system.	Clear	Traditional HE		X	X	X	X	X	X	X
Boiler & Heating System Cleaner	Liquid cleaner and corrosion preventative treatment. Maximize boiler efficiency of steam, hot water & hydronic systems.	Yellow	Cast & Steam								X
Scout™	Steam boiler cleaner. Low odor. Fast acting.	White	Steam			X	X	X	X	X	
Sludge Treat	Helps eliminate burner breakdown from sludge & water in fuel tanks.	Lt. Brown	Fuel Oil		X	X	X	X	X		
Sledgehammer™ Corrosion Inhibitor	Multi-purpose formula. Controls scale, corrosion, boiler noise, and hydrogen gassing. Safe for all hydronic heating systems.	Clear	Traditional HE		X	X	X	X	X	X	X

Product Name	Description	Color
ADDITIONAL HEATING ESSENTIALS		
Blot-O™ Plus	Fuel absorber for cleaning spills. Absorbs 8 times its volume of fuel oil. Eliminates odors.	Clear
Power Flow™	Fuel additive improves combustion efficiency.	Lt. Brown
Flip Stick™	Removes soot deposits and carbon from chimneys, flues, and heat exchangers.	
Haymaker™	Tankless water heater descaler.	

Product Name	Description	Color	Boiler Type	Temp Range	AL	SS	COP	FE	FE	PEX	El. Tube
ANTI-FREEZE											
Cryo-Tek™ Original	Virgin PG 45%. Pre Mixed - Triple protection inhibitor package.	Blue	Cast Iron HE			X	X	X	X	X	X
Cryo-Tek™ AG	Virgin PG 95%. Concentrated formula triple protection inhibitor package.	Blue	Cast Iron HE			X	X	X	X	X	X
Cryo-Tek™ -100	Virgin PG 55%. Pre-Mixed. Triple protection inhibitor package.	Red	Cast Iron HE			X	X	X	X	X	X
Cryo-Tek™ -100/Al	Virgin PG 60%. Specially formulated for aluminum heat exchanger systems.	Orange	Cast Iron HE		X					X	X
Cryo-Tek™ Solar System™	Virgin PG 60%. Specially formulated for use in closed loop- anti-freeze heat exchangers, radiant tub heating, and geo-thermal loops.	Dark Green	Solar		X	X					
Cryo-Tek™ Universal	Virgin PG 96%. Specially formulated for use with all metals.	Purple	Cast Iron HE		X	X	X	X	X	X	X
Cryo-Tek™ FG	Food Grade PG 96%. Safe for use in water pressure testing of potable water systems, safe for geo-thermal loops, and charging fire systems.	Green	Cast Iron HE			X	X	X	X	X	X

Product Name	Description
SYSTEM TESTING	
Cryo-Tek™ Strips	Disposable test strips check PG levels in 15 seconds.
PH Test Meter	Checks acidity or alkalinity of heating or potable water systems.
Refractometer	Fastest and easiest method for ensuring accurate ethylene and propyl glycol levels.

#30115 shown

Boiler Liquid

- Seals and repairs cracks or leaks in hot water or steam boilers.*
- Makes a strong lasting repair on difficult leaks.
- Resists pressure and is not affected by boiler cleaners.
- Prevents surging and will not clog or coat heating coils controls, vents or valves.

Product No.	Size	Description	Ctn. Qty.
30115	1 qt.	Boiler Liquid	12
30120	Gallon	Boiler Liquid	6

*Hot water portion of steam boiler

#30310 shown

Boiler Solder

- Makes strong lasting repairs on cracks and leaks in hot water or steam boilers.*
- Non-metallic powder finds trouble spots and forms a tough seal which expands and contracts with heat.
- Resists high pressure, and temperature, and is not affected by cleaners.
- Will not clog the system or cause odors, will not interfere with normal boiler operation.

Product No.	Size	Description	Ctn. Qty.
30310	1 lb.	Boiler Solder	12
30320	200 lb.	Boiler Solder	1

*Hot water portion of steam boiler

#30213 shown

Base Hit™ II Sealant & Lubricant

- Seals and prevents leaks.
- Remedies most squeaking pumps.
- Will not form sludge or precipitates or impede normal operation.

Product No.	Size	Description	Ctn. Qty.
30213	12 oz.	Base Hit II	12
30213R	12 oz.	Base Hit II	6

#35504 shown

High Heat Furnace Cement

- Patented formula for mortar facing, caulking or coating for use to seal and repair boilers, furnaces, fireboxes and many other furnace and refractory applications.
- Can be used on oil, gas, coal, and wood burning heating systems.
- Smooth consistency makes for easy application, and will not crack or crumble.
- Asbestos free.

Product No.	Size	Description	Ctn. Qty.
35503	1/2 pt.	Regular Body	24
35504	1 pt.	Regular Body	12
35515	1/2 gal.	Regular Body	6
35610	Gallon	Regular Body	4
35521	1/2 gal.	Heavy Body	6
35526	Gallon	Heavy Body	4

Sludgehammer™ System Restorer & Noise Reducer

- Combination formula removes sludge and corrosion while reducing boiler noise.
- Helps restore efficiency to hydronic heating systems.
- Compatible with aluminum and stainless steel heat exchangers.
- Flush from system after use.

Product No.	Size	Description	Ctn. Qty.
35298	32 oz.	System Restorer & Noise Reducer	6

#35211 shown

Boiler and Heating System Cleaner

- Formulated to clean and condition steam and hot water systems.
- Protects pumps by lubricating seals and zone valves.
- Prevents clogging of valves and prevents corrosion.
- Safe and easy to use.

Product No.	Size	Description	Ctn. Qty.
35206	1 qt.	Boiler and Heating System Cleaner	12
35211	Gallon	Boiler and Heating System Cleaner	6
35216	5 gal.	Boiler and Heating System Cleaner	1

Scout™

- Non-Toxic boiler cleaner that stops priming and surging in minutes.
- Helps eliminate hammering, removes rust, scale, oil, foam and impurities without draining or flushing the system.
- Eliminates boiler shut-downs.

Product No.	Size	Description	Ctn. Qty.
35100	4 oz.	Boiler Cleaner	12

Sludge Treat

- Prevents fuel related failures by cleaning and conditioning heating system fuel oil.
- Improves combustion efficiency, reduces soot, and conserves energy.
- Prevents fuel oil waxing and gelling, and sludge build up and ice formation in fuel lines.

Product No.	Size	Description	Ctn. Qty.
35310	1 qt.	Sludge Treat	12

MAINTENANCE PRODUCTS

Sludgehammer™ Universal Corrosion Inhibitor

- Multi-purpose formula controls scale, corrosion, boiler noise and hydrogen gassing.
- Helps restore efficiency to hydronic heating systems.
- Safe for all metals including aluminum and stainless steel.
- Compatible and for use with all Cryo-Tek antifreezes.

Product No.	Size	Description	Ctn. Qty.
35297	32 oz.	Universal Corrosion Inhibitor	6

Blot-0™ Plus

- Highly absorbent material for cleaning spills of fuel, oil, and gas.
- Unique blend of recycled fibers and specialty clay absorbs up to 8 times its volume.

Product No.	Size	Description	Ctn. Qty.
35155	19 oz.	Shaker Top Can	12

#35302 shown

Power Flow™

- Fuel additive which improves combustion efficiency, conserves energy, and reduces fuel oil waste in heating systems.
- Cleans strainers, nozzles, pumps and burners.
- Prevents waxing and jelling of oil and inhibits formation of rust in the tank.
- Protects fuel oil during summer storage, and prevents ice formation and freeze up in fuel oil line.

Product No.	Size	Description	Ctn. Qty.
35302	1 pt.	Power Flow	24
35302R	1 pt.	Power Flow – 6 pack	6

All you need to set, clean and maintain a system

Flip-Stick® Soot Destroyer

- Easy to Use formula cleans away fuel consuming deposits of soot and carbon.
- Keeps heating units operating efficiently and economically.
- Guards against corrosion on metal ducts, flues etc.

Product No.	Size	Description	Ctn. Qty.
35427	85 g.	Soot Destroyer	72

#35235 shown

HAYMAKER™ BRINGS THE HEAT!

Vinegar is no match for Haymaker when descaling tankless water heater systems.

- 1 Non-corrosive, effectively removes scale**
Professional grade formula
- 2 Clear liquid allows you to see the results of the descaling**
Clear, citric acid-based formula
- 3 Safe for potable water**
NSF 60 listed
- 4 Will not harm the environment**
VOC free, biodegradable
- 5 Users have everything they need to descale a tankless water heater**
Available in a kit

Haymaker™ Tankless Water Heater Descaler

Product No.	Size	Description	Ctn. Qty.
35230	32 oz.	Descaler	6
35231	Gallon	Descaler	6
35235	Gallon	Descaler Kit	1

The Haymaker solution dissolves 3 times the amount of scale as a gallon of white vinegar, without the foul odor! The concentration of acetic acid in vinegar is relatively low (5%), whereas Haymaker™ is a 50% by weight concentrate that is mixed with water before use.

ANTI-FREEZE AND ACCESSORIES

Cryo-Tek™ Products Keep Systems Clean and Operating Efficiently.

Improves heat transfer and minimizes wear to moving parts.

UNIVERSAL CRYO-TEK™

97% Concentrated Solution. Formulated for Use on All Metals.

Our triple-protection inhibitor package stabilizes PH to prevent corrosion, chelates, hard water minerals, and inhibits the formation of scale and sediment.

- > Keeps system clean and operating efficiently.
- > Improves heat transfer and minimizes wear to moving parts.
- > Meets and exceeds the corrosion protection requirements of ASTM D1384.
