

**Why go with old technology
when you can get a new,
energy-efficient pump for the same cost?**

Taco **007E™ F2 ECM** **HIGH-EFFICIENCY** **CIRCULATOR**

- ECM performance equivalent to the legendary 007 circulator
- High-efficiency ECM motor uses up to 85% less electricity
- Ideal for hydronic systems zoned with circulators or zone valves
- BIO Barrier® protects pump from system contaminants
- SureStart automatically frees locked rotor condition and self-purges air from pump.
- Integral Flow Check (IFC) included

Torrco is Turning 100!

"For a century, Torrco has been helping you get things done, and does everything possible to make you successful. This simple idea is at the center of how the company was formed, why the company has grown, and what the value of Torrco will always be. Four generations of our family have strived to help you succeed – through integrity, responsibility and dependability – starting with David Stein. And you have our word that we will continue providing an experience that is easy, convenient, productive and valuable."
