

## NEW LG ONLINE REBATE CENTER FOR RESIDENTIAL AND LIGHT COMMERCIAL PRODUCTS

### Distribution Products

We are pleased to announce the newest improvement to the LG DFS website, the **LG Online Rebate Center**. Custom designed for LG products and customers, users are able to search for available local and national rebates and incentives related to the purchase of residential and light commercial LG air conditioning systems. The new enhancement enables the user to enter a zip code and browse all products or search for a specific product model number. Within the Rebate Center, customers will be able to see the total rebate amount their LG system may qualify for, rebate details including purchase by and claim period dates, as well as a link to the rebate form to claim their rebate once their qualifying LG system is installed.

### Mobile LG Online Rebate Center

In addition to the LG Online Rebate Center, a Mobile LG Online Rebate Center that offers the same functionality as the desktop browser version in an easy-to-use and mobile-friendly interface is also available. Accessed via this QR code or at [rebates.lghvac.com](http://rebates.lghvac.com), the Mobile LG Online Rebate Center also includes the option to email the rebate forms with the click of a button, which will make sharing this asset with end-users much simpler for contractors.

### Where can I locate the LG Online Rebate Center?

The LG Online Rebate Center is available for desktop and mobile at [rebates.lghvac.com](http://rebates.lghvac.com), Or, navigate to the LG Online Rebate Center through [www.lg-dfs.com](http://www.lg-dfs.com)>About>Rebate and Incentives.

Mobile users will automatically be redirected to the Mobile LG Online Rebate Center. Or, scan the QR Code to be directed there automatically.
