Always Available Through

- 6 most recent Fault Codes stored in the memory of 7800 Series Controls.
- Diagnostic Information menu helps determine status, faults and errors.
- Keeps count of total cycles up to 999,999 and total accumulated hours.
- True Flame Safeguard device also keeps “watch” even during Stand By, when not running.
- Keyboard Display Module can connect direct to Modbus for communication.
- More Safety Interlock options now standard on Enhanced Series.
- Conversions from Fireye very simple and improves the features.

Honeywell

KOM-PAK. STERLING.

Hydronic Perimeter Baseboard Radiation Heat
Simple Installation - Quiet Operation - Superior Performance

- Hydronic heating doesn't dry out the inside air like forced air systems.
- Gentle convection warms the full length of cold walls and windows.
- Rooms are easily zoned for individual control, resulting in lower fuel bills.
- A dedicated heating system has none of the compromises of a combined heating/cooling system.
