## Testo 510i Manometer Differential Pressure Smart Probe

The testo 510i Smart Probe is a wireless differential pressure probe used for accurate low-pressure measurements.

- Great for measuring pressure in manifolds
- Static pressure
- Pressure drops in buildings or ventilation systems.

Use it to measure the pressure drop across coils and filters, or in ducts and systems.

**\$90.00/each** #1314856

# HVAC reSource

January 2019

Your source for all things plumbing, heating piping and HVAC

## Comfort-Aire®

### NEW Comfort Aire 97% Modulating Variable Speed, Gas Furnaces Now Available!

**Qualifies for Energize CT \$800 rebate! Talk to your TorrcO salesperson today!**

- **Advanced Heat Exchanger:** Made from stainless steel for maximum strength and crimped, rather than welded. Highly resistant to thermal fatigue and other stresses.
- **Variable-Speed Blower:** Changing the speed of airflow, it adjusts humidity levels and creates more even temperatures, enhancing efficiency and reducing operating noise.
- **EHX™ Technology:** Engineered and built with EHX Technology, a patented design that eliminates the hot spots, making it more durable, and enhances efficiency and comfort.
- **Modulating Heat:** Highly precise system combines a modulating gas valve with variable-speed technology to deliver consistent temperatures while saving energy.
- **Quiet Combustion™ Technology:** Smaller BTU input per burner for quieter start-up and operation.
- **Comfort Sync®-enabled Control Board:** Continuously monitors internal components for optimum performance and fault prevention.

## Aprilaire®
