EXCITING NEWS FROM FRESH AIRE UV!

Fresh-Aire UV is the world-leader in HVAC ultraviolet disinfection systems and Torrco is proud to stock their products!

They have just successfully completed phase-1 third-party testing of their residential, commercial and healthcare products for effectiveness against SARS-CoV-2 (the virus that causes COVID-19 disease).

Detox the air with APCO, clean air technology that removes germs, odors, and toxic volatile organic compounds (VOCs) from all the air in your home.

The APCO-X is the most advanced whole-house air treatment system yet it will revolutionize indoor air quality with significantly improved performance, functionality and reliability.
