\$5,307.29 each (#1606725)

WHAT IS THE LG INVERTER HEAT PUMP WATER HEATER?

It's an energy-efficient alternative to electric resistance or gas water heaters. LG inverter technology heats water with an efficiency of 3.75 uniform energy factor (UEF) at a noise level of just 42 dB(A), about the sound level of a quiet library, which is lower than a typical heat pump water heater.

- 10 year warranty
- Built in ThinQ wifi
- 42db sound rating
- 58 gallon
- \$750 instant rebate available

Available to LG dealers only.
